

INTERACT123 Research Round-Up: Universal Design for Learning (UDL)

May 2023

Welcome to the INTERACT123 [Research Round-Up](#). Each month, we will provide you with recommendations for leading resources on a specific topic to support teaching, learning, and student success!

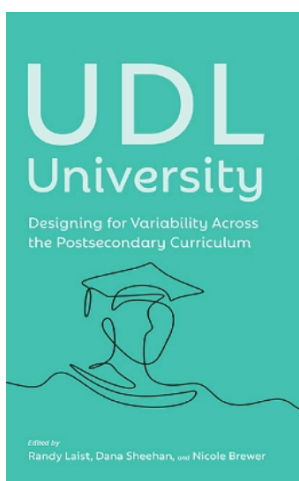

Books

Katie Novak

[*UDL Now!: A Teacher's Guide to Applying Universal Design for Learning*](#)

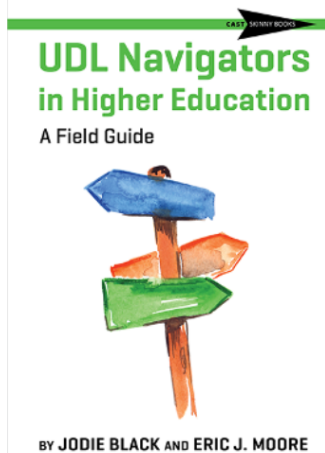

"Katie Novak hits it out of the park with *UDL Now!* Wherever you are in your education journey, there are so many ideas, examples, and practical applications that can be implemented for all educators." - *book review*

Edited by Randy Laist, Dana Sheehan & Nicole Brewer

[*UDL University: Designing for Variability Across the Postsecondary Curriculum*](#)

"In this lively collection, 16 educators from Goodwin University, a career-focused institution serving a highly diverse student community, share their experiences of applying Universal Design for Learning (UDL) to their instructional practice. From the sciences to the humanities to vocational technologies, these professors share practical tips and insights, and offer glimpses into their own journeys as learners, too." - *about the book*

Jodie Black & Eric J. Moore

[*UDL Navigators in Higher Education: A Field Guide*](#)

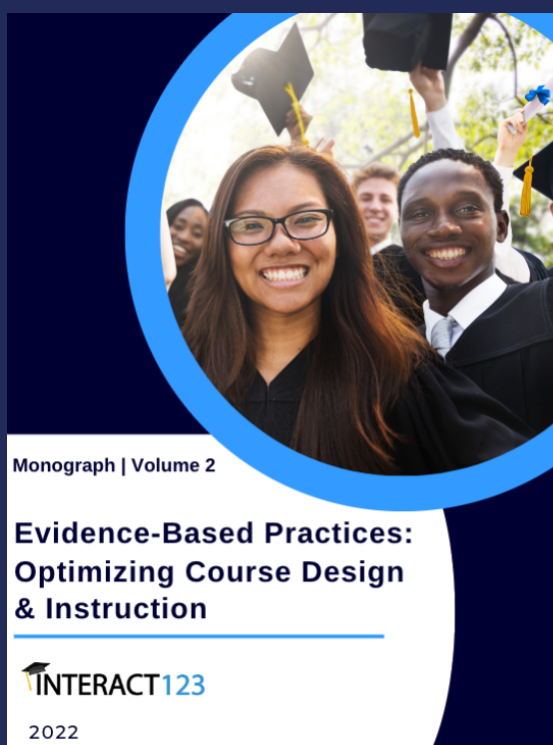

"Since no two postsecondary institutions are alike, Black and Moore group their advice in themes that can be transferred and tailored to address the particular needs, culture, and values of your setting." - *about the book*
